RESOLUTION NO. 3860, S-2026

A RESOLUTION URGING THE MANILA ELECTRIC COMPANY (MERALCO) TO IMMEDIATELY UNDERTAKE THE RELOCATION OF ELECTRIC POSTS AND OTHER RELATED FACILITIES AFFECTED BY THE ROAD-WIDENING PROJECT ALONG PANTALEON STREET/ROAD IN THE CITY OF MANDALUYONG, IN COORDINATION WITH THE CITY GOVERNMENT AND OTHER CONCERNED AGENCIES

WHEREAS, the City Government of Mandaluyong continuously supports infrastructure projects intended to improve traffic flow, road safety, mobility, and accessibility for motorists, pedestrians, commuters, and residents;

WHEREAS, road-widening works have been undertaken along portions of Pantaleon Street/Road in Mandaluyong City to provide additional road space and improve the movement of vehicles and the general public;

WHEREAS, despite the widening of the roadway, six (6) electric posts and related utility facilities of the Manila Electric Company (MERALCO) remain situated within or along portions of the newly widened road, thereby preventing the public from fully utilizing the additional road space created by the project;

WHEREAS, the continued presence of such utility posts within the widened roadway may obstruct vehicular movement, contribute to traffic congestion, restrict the effective width of the road, and pose potential safety hazards to motorists, cyclists, pedestrians, and other road users;

WHEREAS, the objectives and public benefits of a road-widening project cannot be fully realized when utility posts and other obstructions remain within portions intended for vehicular or public use;

WHEREAS, there is, therefore, an urgent need for the concerned utility provider, in coordination with the City Government of Mandaluyong and other relevant government agencies and stakeholders, to determine and implement the necessary relocation of affected electric posts and facilities to appropriate locations without compromising the continuous and safe delivery of electricity to consumers;

WHEREAS, the Sangguniang Panlungsod recognizes that the relocation of electric posts and related facilities requires proper engineering assessment, coordination, permitting, scheduling, and compliance with applicable safety and technical standards.

NOW, THEREFORE, BE IT RESOLVED, as it is hereby resolved by the Sangguniang Panlungsod of the City of Mandaluyong, to strongly urge the Manila Electric Company (MERALCO) to immediately coordinate with the City Government of Mandaluyong and other concerned agencies for the inspection, identification, and expeditious relocation of electric posts and related utility facilities that remain within or obstruct the widened portions of Pantaleon Street/Road, subject to applicable laws, technical requirements, and safety standards;

RESOLVED FURTHER, that MERALCO be respectfully requested to provide the City Government with the appropriate assessment, action plan, and indicative timetable for the relocation of the affected electric posts and facilities, so that the widened roadway may be fully utilized for its intended purpose;

RESOLVED FURTHER, that the appropriate offices of the City Government of Mandaluyong be requested to coordinate with MERALCO and other utility providers, as may be necessary, to facilitate the identification and relocation of affected facilities and address any administrative or technical requirements within the authority of the City;

RESOLVED FINALLY, that copies of this Resolution be furnished to the Manila Electric Company (MERALCO), the Office of the City Mayor, the City Engineering and Building Officials Department, the City Traffic and Parking Management Department, the concerned Barangay, and other relevant agencies and offices for their information and appropriate action.

ADOPTED on this 28th day of September 2026, in the City of Mandaluyong.

I HEREBY CERTIFY THAT THE FOREGOING RESOLUTION WAS ADOPTED BY THE SANGGUNIANG PANLUNGSOD OF MANDALUYONG IN A REGULAR SESSION HELD ON THE DATE AND PLACE FIRST ABOVE GIVEN.

MA. TERESA S. MIRANDA
Sanggunian Secretary
