WHEREAS, deeply committed in serving all constituents, the City of Mandaluyong desires to provide the Mandaleños with a secured community, an immediate response to any accident, search and rescue operations, disaster or call of duty as well as an efficient and reliable internet connectivity;

WHEREAS, to this end, the City of Mandaluyong shall enter into a five-year contract for the lease of Managed Services of CCTV with a single contractor chosen after competitive bidding;

WHEREAS, in order for national government agencies to enter into multi-year contract, a Multi-Year Obligational Authority (MYOA) is issued by the DBM in accordance with existing circulars, rules and regulations. However, it does not cover multi-year projects entered by local government units such as the City of Mandaluyong;

WHEREAS, akin to a MYOA issued by the DBM, it is important that prior to a competitive bidding, a similar authority be issued by the Sangguniang Panlungsod of Mandaluyong to give priority the inclusion in the annual budgetary requirements of the City Government the amount programmed to cover the obligations for the multi-year project and be duly covered by the annual appropriations ordinances;

WHEREAS, a Certification has been issued by the Head of Procuring Entity (HoPE) that procurement activity pertaining to the multi-year project to be covered by such authority from the Sangguniang Panlungsod has not been started as of date of request, which is attached as Annex "A" hereof;

WHEREAS, in the request, the Honorable Mayor confirms their commitment to give priority and include the annual budgetary requirements of the above-mentioned project as specified in ANNEX "B" in the City Government's annual budget proposals for the ensuing years.

NOW THEREFORE, on motion duly seconded, the Sangguniang Panlungsod of Mandaluyong, in session assembled, RESOLVED, as it hereby RESOLVES to authorize the City of Mandaluyong to enter into a five-year lease of managed services of CCTV to cover the supply, delivery, installation, testing, and commissioning of an additional city-wide CCTV system, the establishment of a new telephony system for the Mandaluyong City Hall compound, and the comprehensive maintenance of the existing city-wide CCTV system for the full project cost and obligating it to give priority and include in their annual budget proposals for the ensuing years the amount programmed as indicated in Annex "B" hereof.

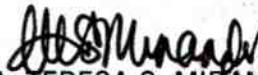

RESOLVED, notwithstanding the issuance of this Authority, the multi-year contract to be entered shall be guided by the following:

1. The liability of the City of Mandaluyong for a given year shall only be limited to the available appropriations for the purpose for a specific year;
2. Obligations to be incurred by the City of Mandaluyong in any given calendar year shall in no case exceed the allotment released for the purpose;
3. Annual review shall be conducted by the City of Mandaluyong as part of the process to enable to negotiate for a lower price for the service in the event that the actual cost for the good or service covered by the contract become lower as per prevailing market analysis; and
4. The Authority thus given may be amended if the multi-year contract is adjusted as a result of the annual review conducted.

RESOLVED, FINALLY, let a copy of this Resolution furnished to the Office of the City Mayor, BAC Chairperson, City Accountant, City Treasurer, City Planning and Development Coordinator, CDRMMD Officer and IT Department Head for their information and guidance.
